

Open Watercolor Workshop

For Beginners as well as more advanced students

Instructor - Sabine Baeckmann

Every 2nd and 4th Wednesday Starting September 27th, 2017 1:30 - 3:30 PM
at the Evans Senior Center

We will be working with some basic techniques such as color theory and mixing, blending, washes as well as learning about what makes a good painting composition. The class will be step-by-step for the most part, but as each artist feels differently about the subject they are painting than their fellow painters, there is always room for making the painting your own!

If students have painted before and have their own supplies, I would suggest they bring them to use in the class. Watercolor paper will be supplied, and if a student does NOT have their own supplies, paints, brushes, a palette for mixing, etc. will be supplied. Senior Center watercolor class members free: there is a \$10 fee for non-members.

**Learn how to
paint in
this wonderful,
versatile
medium!**
